It is my desire that to the extent that legislation, organization and funds permit and subject to your advice and concurrence with respect to foreign policy objectives, all appropriate programs of the Government now be adjusted and hereafter administered in the light of the above determinations. I desire that you keep me currently informed of the actions taken by the various agencies involved in support of these objectives.

Further, I request that you take the lead in developing recommendations, for submission to me within the next 30 days, of additional measures to achieve these purposes. The development of recommendations will require an analysis to be undertaken by the Economic Cooperation Administration, with such assistance from other agencies as it may request, of the economy and trade of Communist imperialist aggressors as well as the economy and trade of countries trading with them and the development of specific programs for the adjustment of those trade patterns.

I am having copies of this letter transmitted to the Secretaries of Defense, Treasury, Agriculture, Commerce and Interior, to the Economic Cooperation Administrator, and to the Director of Central Intelligence with the request that they undertake such studies and ~~make~~ and participate in the development of recommendations as you may require.
